

PHONE LINE REPORT JUNE 2023

6/4

- I made 2 test calls and both were successful.
- I spoke with Mike C. who said he spoke with a guy that was staying in the area, who called looking for a meeting in the Anniston area. He referred him to the area website and they discovered that the closest meeting on that day was in Boaz. The guy said he was not willing to drive that far. Mike spoke with him for a few more minutes before he let him go.

6/10

- I spoke with Barbara and Mike. I informed them that their service commitment was up and thanked them for their service.
- I removed Barbara and Mike from the phone line and added myself and Tamara S.
